THANK YOU, CONSERVATION CHAMPIONS!

Together, our work continues to conserve and connect key habitat for grizzlies and all things wild. In 2021, your support made a bigger difference for wildlife than ever before. We invite you to explore the impact you made through our online annual report at **vitalground.org/annual-report-2021**. Learn how you:

- ***Conserved more than 1,700 acres*** *with six habitat protection projects, from North Idaho's Kootenai Valley to Montana's Clark Fork, Flathead, Swan and Yaak valleys.*
- ***Helped create safer landscapes*** *for people and wildlife through 16 conservation partners engaged in crucial coexistence work across the Northern Rockies region, from electric fencing on the Blackfeet Nation to attractant removal in Southwest Montana.*
- ***Kept Vital Ground in strong financial position*** *as we completed a record number of projects and partnerships, taking a big step forward for the One Landscape Initiative.*

We are deeply thankful for your support of conservation. With new acres conserved already in 2022 and many more projects moving forward, we can't do it without you!

With gratitude,

The Vital Ground Team
